

Like people, works of art can be colorful and imposing or subtle and refined; art installations can define a destination or simply augment an existing setting. At Chroma Design we understand the incredible affect that art can have on an outdoor environment and we strive to fully comprehend each artist's inspiration before beginning the site design process. Our objectives are to create inspiring physical environments that complement the artwork and honor each artist's Vision.

Chroma Design offers personalized services in

- Public Art Master Planning
- Site Design and Detailing
- Art installation Team Leader and Project Manager
